ABSTRACT

This report is the outcome of the study conducted on the topic **“A STUDY ON INVENTORY MANAGEMENT AT SUDARSANAM TEXTILES VIRUTHUNAGAR”**. The main objective of this project is to study, measure and analyzes the employee opinion towards safety measures to sudarsanam spinners public., ltd.

The study has been conducted in the area of human resources .The purpose of to survey process is to provide a more accurate measurement of the employee opinion towards safety measures to the employees. Their research design adopted for this study is descriptive Research. Primary data is used for the study .The primary data was collected by interview schedule method with close ended questions.

Analysis is done through simple percentage analysis, weighted average method, these are methods used to derive the appropriate statistics on opinion of the employees .The researcher concentrate on some of the key factors that mainly influence employee opinion towards safety measure. Factors are working hours work stress, work and family, managing stress, employee relationship.

This study concludes that to reduce attrition industries should create some opportunities for the growth of their employees within the organization by adopting new Innovative Technologies and Effective training programs The company should also think of recruiting people who are in the vicinity of the industry, so that the family related problems will not lead to opinion towards safety measures.
